BE KIND

RYAN TAPLIN

Technician

A long time ago when
men were all babes
There was a land of
the free
Fantasy and dreams
Were its untouched
wealth
And goodness and love
were real
Each man desires to
reach Gandhara
His very own utopia
In the striving, in
the seeking soul
Man can see Gandhara.

RIDE A BIKE

JO-ANN LANCASTER

Acrobat. 15/9/1966. Grew up in Canberra.

Wonderful, wonderful Copenhagen. The bikes have their own road and traffic signals. Check out Christiana bikes on the internet for the classic wacky Danish original. People of all classes ride their bikes. Actually, I don't really notice much class difference there.

In Copenhagen, I feel normal and unremarkable. It's great. But a bit too cold to take your clothes off!

GARDEN NUDE

SIMON YATES

Acrobat. 1/2/1972. Grew up in Albury.

Loves Jo. Together they love Grover and Fidel. He is working on expanding that love to cover the whole world. Exposing the whole body to mild sunlight (in the early morning) is good for you. It's just a body. Gardens are good for everyone.
